

Counting on Fall (Math in Nature)

Grade 1

5 skill lessons

Skill lessons

5 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. Ten in Every Group, and More Than One Way to Fill It

Concept · Making ten from two parts, and finding more than one pair that works

2. Five Toes, Four Paws, and the Number the Book Never Says

Fluency · Counting four equal groups of five by fives to twenty

3. Two More Than Five, Two Less Than Ten

Reasoning · Finding a number from a stated relation, and comparing the two numbers found

4. Ten Bats Awake, Then Nine

Fluency · Counting backward from ten one at a time and saying how many are left

5. More on the Floor, Fewer on the Trees

Representation · Deciding which of two groups has more by matching them one to one, then checking by counting
