

Countasaurus

Grade 1

4 skill lessons

Skill lessons

4 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. One Number, One Thing

Concept · Counting a named set of objects to ten, one number word per object

2. One More Each Time

Representation · Building each number in the counting sequence from the one before by adding one

3. Six and Six

Concept · Counting two equal groups of six and finding how many in all, within 20

4. Ten Eggs in the Nest

Concept · Taking apart ten into two groups and naming both parts

Reading and language lessons

2 lessons on the reading and language the book carries - what a word means in its sentence, how a character is shown, how a text is built. No mathematics: these are matched against the English language arts curricula, which are a different and smaller set than the mathematics ones.

5. Two words that tell how it looks

Concept · Using describing words before a naming word

6. Words that tell how it moves

Application · Choosing and acting out precise action words
