Grade 2

5 skill lessons

Skill lessons

5 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. The Hour Part and the Minutes Past

Concept · Reading a written clock time as an hour and the minutes past that hour

2. On Time, or Not?

Reasoning · Judging early, on time or late by holding a planned clock time beside what happened

3. How Much Time Before It Starts?

Application · Finding the minutes between a stated time and the time something is due to start

4. The Fair Day on One Line

Representation · Putting a single day's stated clock times in order on a time line

5. Count the Fives to the Hour

Fluency · Counting on by five minutes from a stated time to the hour that follows it
