

Lights Out!

Grade 2

5 skill lessons

Skill lessons

5 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. Count Back the Way the Notebook Does

Fluency · Subtracting a one-digit number from a two-digit count by counting back

2. Break a Ten to Take Six

Concept · Subtracting across a ten by breaking one ten into ten ones

3. Keep the Watcher's Notebook

Representation · Recording a shrinking count as a column of number sentences

4. Does That Count?

Reasoning · Deciding whether an event changes a count, and saying what the count is of

5. Three Bedtimes, One Hour Apart

Application · Finding how many hours apart two o'clock times are, and ordering three of them
