

The Long Wait

Grade 2

4 skill lessons

Skill lessons

4 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. How Zach Guessed Sixty

Concept · Estimating a large group from the size of one group, then testing it by counting

2. Working Out the Wait

Application · Predicting a wait by splitting a count into groups of ten and counting five minutes for each group

3. Between Six and Twelve

Reasoning · Bounding a total between a least and a greatest when every group may hold one amount or another

4. Counting the Groups

Fluency · Skip counting equal groups by tens, fives, twos and threes to a stated total
