1. Fifteen Singers, Three Columns, One Card Each

Concept · Sorting a named group into three data categories, one member to one category

2. Seven Safe Singers, and the Three the Show Still Needs

Fluency · Adding two groups within ten, and finding how many more reach ten

3. When Marks Will Not Do: Names You Can Move

Representation · Choosing a data display that survives a change, and recounting after each change

4. The Number Kip Never Says

Reasoning · Producing a count the text withholds, and saying what it means beside a threshold

5. Ask Everyone, Then Say Why It Is True

Application · Taking a survey with three answers and justifying statements from the chart
