

Albert Keeps Score

Grade K

5 skill lessons

Skill lessons

5 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. Match Wanda's Row to Albert's Row

Concept · Deciding whether two sets are the same by matching them one to one

2. Count the Guests, Say the Number

Fluency · Counting a set of named things to five and answering how many

3. The Score That Is Not the Same

Reasoning · Naming an empty set with a number and saying why two counts are not the same

4. Build the Score Line with Number Cards

Representation · Showing a count with a numeral and reading two counts side by side

5. One More Book

Application · Finding the number that is one more, and counting back to the number before it
