

The Book Bandit

Grade 3

5 skill lessons

Skill lessons

5 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. Only If All the Sides Match

Concept · Deciding whether a four-sided figure is a square by measuring all four sides

2. Symmetrical Along Its Diagonal

Reasoning · Finding a line of symmetry that is not vertical or horizontal

3. Will It Fit Through?

Application · Comparing a figure's measure with an opening to decide whether it fits

4. Corner to Corner

Representation · Measuring the distance corner to corner across a four-sided figure

5. Half as Wide

Fluency · Halving a measured length and checking the half by folding
