

The Runaway Puppy

Grade 3

5 skill lessons

Skill lessons

5 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. Most Likely, Least Likely, Equally Likely

Concept · Ordering categories by how often they occur and naming the most, least and equally likely

2. Three Out of Thirteen

Application · Expressing a count as so many out of a stated total and ordering the results

3. Where Should the Two Cars Go?

Reasoning · Choosing where to look from a set of counts and defending the choice against a rival strategy

4. A Column of X's

Representation · Building a bar chart of counts by the book's own method and reading the tallest column

5. Counting the Calendar

Fluency · Counting occurrences on a calendar and totalling the counts
