

Gabriel Gets a Great Deal

Grade 1

4 skill lessons

Skill lessons

4 lessons on the mathematics the book carries. Printable workbook pages and teacher keys are not available for this book yet.

1. Shipping Adds a Ten

Application · Adding a ten-dollar shipping charge to a price and testing the total against the most a family may spend

2. Ten Dollars Off

Concept · Taking a coupon's ten dollars off a price, and telling a price that already has it off from one that does not

3. Inside Thirty Dollars

Reasoning · Deciding whether each price the book prints is inside what the family may spend, and saying how far

4. The Price Line

Representation · Placing every price the book prints on one line marked in tens, least to greatest
