1. Which House Is Closer?

Application · Deciding which of two numbers is closer to a third by counting both ways and comparing the two counts

2. The House in the Middle

Concept · Finding the number that sits the same count from each of two ends, and showing there is only one

3. Build Cypress Road

Representation · Placing eleven consecutive two-digit numbers in order on a line and reading a position back off it

4. Count On, Count Back

Fluency · Counting on and counting back within 50 to find how many houses away, and meeting the pair of counts that makes ten

5. The Tie at the Middle House

Reasoning · Judging what a rule about the closest house can and cannot settle when the two counts come out equal
