

A Light in the Darkness What Willie's Actions Reveal

20 MINUTES

TARGET

Make a logical inference from relevant details and evidence in a literary text.

STUDENT PRODUCT

One inference about Willie's plan + two fixed pieces of evidence + explanation.

LESSON SEQUENCE

1. Stop at the second night Read to 'Until it happened again the next night.' Before Willie's plan is explicit, students write what they think he is trying to make happen on Willow Crescent.
2. Evidence: what he says about himself Use one statement Willie makes about himself as Evidence 1. Students explain what it suggests about the kind of action he is willing to take.
3. Evidence: the menorahs Use Willie going door to door / showing the menorahs rather than explaining the plan as Evidence 2.
4. Inference Students finish: Willie's plan is to ____; the statement about himself and the repeated menorah action show this because ____.

ASSESSMENT · LOOK FOR

- Makes the inference before the plan is fully explained.
- Uses one statement plus the repeated menorah action.
- Explains how both details support the same plan.

Standards-first rule: freeze the lesson after QA. Add a regional code only when the complete local expectation is actually satisfied.
