

Ancient civilizations

One row after each book — write, then tick.

Why do we call some of this history and the rest of it just how things are?

Book	What was made? the thing, not the place	History, or how things are? tick, then one line why
Magical History Tour Volume 1: The Great Pyramid Fabrice Erre		☐ History ☐ Still how things are
Magical History Tour Volume 2: The Great Wall of China Fabrice Erre		☐ History ☐ Still how things are
Ox, House, Stick: The History of Our Alphabet Don Robb		☐ History ☐ Still how things are
Africans Thought of It Bathseba Opini and Richard B. Lee		☐ History ☐ Still how things are
Latin Americans Thought of It Eva Salinas		☐ History ☐ Still how things are
A Native American Thought of It Rocky Landon		☐ History ☐ Still how things are

Look down your ticks. What made you call a thing history?

TEACHER NOTE — NOT FOR THE CHILD'S SHEET

Where the class may split

Ox, House, Stick: The History of Our Alphabet — The alphabet is ancient and the child used it today — both ticks are true and the why-line is where the set's question lives.

A Native American Thought of It — The book's own ask — why a pyramid is ancient history and a canoe is not — is this tick run as a disagreement.
