

Where our water goes

Fill in one row after each book.

Where does it actually go after it leaves you?

Book	Where did the water go? its next stop	Who needed it there? who met the water
What Matters Alison Hughes		
Trout Are Made of Trees April Pulley Sayre		
A Whale's World Nicholas Read		
Manatees Precious McKenzie		
When Planet Earth Was New James Gladstone		

Look down your sheet. Does the water ever stop? Where does your last row send it?
